Sponsor A Horse

You can make a difference! Your sponsorship will help enhance and develop the abilities of people with disabilities.

Mecenzi was born four weeks early and suffers from the most severe form of cerebral palsy. She was given a very guarded prognosis: she would never walk or talk and would always suffer from tremors & convulsions and struggle to eat. Mecenzi is unable to take part in sports and activities that her classmates enjoy, such as netball, hockey, dancing or even a simple game of tag. RDA offers a sport and therapeutic activity that not only can Mecenzi take part in, but one that many people without a disability find challenging. Mecenzi is your everyday kid, and that's all she wants to be. But when we think back to her diagnosis, she is one little miracle! Every time someone said she would "never" do something, she did it in one way or another. With her determination, I believe there is a good chance that one day she will walk with minimal support.

Toni, Mecenzi's mother
